SUMMARY

Computer Science student with skills in Python, graphic designing, and AI-based projects. Experienced in creating visually engaging designs and software solutions with a strong interest in healthcare technology, machine learning, and problem-solving. Quick learner with strong communication and teamwork abilities.

EDUCATION

Bachelor of Technology with Internet of Things(IoT) Institute of Engineering and Management, Newtown - (GPA - 7.61)	Aug 2024 - Present
Higher Secondary (Class XII), CBSE Green Point Academy, Kultora - (Percentage - 65%)	Mar 2022 - Feb 2024
Matricular (Class X), ICSE Loyola School, Taldanga - (Percentage - 78%)	Feb 2010 - Feb 2022

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C
- **Web Development:** HTML, CSS, JavaScript
- **IoT & Embedded Systems:** Arduino, Sensors
- **Database:** MySQL
- **Tools & Platforms:** Google Colab, GitHub, VS Code
- **Designing Tools:** Canva, Photoshop
- **Soft Skills:** Problem-Solving, Team Collaboration, Creativity & Design Thinking, Quick Learner, Adaptability

PROJECTS

Automatic Headlight Upper Dipper System (Group) Developed an automated vehicle headlight control system that intelligently switches between high beam and low beam based on incoming vehicle lights and surrounding lighting conditions. The project improves road safety, minimizes glare for drivers, and enhances visibility during night driving through real-time sensor-based automation. Tech Stack & Components: Arduino Uno, LDR Sensor, Relay Module, LED Headlights, Arduino IDE
Automatic Irrigation System and Farming Assistant (Group) Designed a smart irrigation and farming assistance system that automates water supply based on soil moisture levels and environmental conditions. The system helps optimize water usage, supports precision farming, and assists farmers in monitoring crop conditions using sensor-driven automation. Tech Stack & Components: Arduino Uno, Soil Moisture Sensor, Water Pump Module, Relay Module, GSM Module, Arduino IDE

WORK EXPERIENCE

Graphic Designer, Kyptronix LLP

May 2025 - June 2025

Created custom T-shirt designs aligned with brand identity, developed social media optimization(SMO) posts, and crafted engaging content for Google My Business (GMB). Designed professional banners for LinkedIn and Facebook, contributing to the company's digital branding and client outreach initiatives.

Graphic Designer, Freelancer

March 2026 - Present

Designed engaging social media creatives including reels, carousel posts, and static posts for clients across multiple domains. Created visually appealing and brand-focused content optimized for platforms such as Instagram, Facebook, and LinkedIn, contributing to audience engagement, digital branding, and social media growth. Collaborated with clients to develop creative concepts, maintain brand consistency, and deliver high-quality visual content within deadlines.

ACHIEVEMENTS

Hacksnippet 3.0 – 2025

- Qualified for the first round with a Smart Helmet project showcasing automation and safety-based innovation.

Hackastra Ideathon – Aurora 2026

- Selected among the Top 6 teams out of 27 participating teams for presenting an innovative project solution.

Electrothon 2026

- Secured 2nd Position for developing a Smart Parking System using automation and embedded technology.

Hackforage - Srijan 2026

- Selected among the Top 21 teams out of 151 participating teams in a competitive hackathon environment.

Hackathon on Code Golf - Ureckon 2026

- Secured the Winner position in a hackathon by demonstrating strong problem-solving, coding, analytical thinking, and teamwork abilities.

Chamber of Secrets (Treasure Hunt Competition) - 2026

- Secured 1st Position in the "Chamber of Secrets" Treasure Hunt Competition by demonstrating teamwork, analytical thinking, and problem-solving abilities.

EXTRACURRICULAR ACTIVITIES

FusioniX 2026

- Working as a Graphic Designer, creating promotional creatives, social media posts, and event branding materials.

Ignitia 2026

- Serving as a Graphic Designer, contributing to visual content creation, digital promotions, and creative design initiatives.

Placement Coordinator

- Volunteered in placement coordination activities, assisting in communication, event management, student coordination, and organizational tasks.
